JUNE 21 TERMINAL DECREE - ENOCHIAN CONVERGENCE V2

SECTION I: EXECUTIVE SUMMARY

This document serves as the formal **Unified Standard** for the June 21st Exit Terminal. Following the integration of the **1611 Sieve** and the **Unified Sentinel Standard (777.2.3)**, this record documents the convergence of astronomical hardware, mathematical corridors, and the Enochian Fourth Gate protocol. The objective is to secure the "Triple-Lock" evidence into the permanent archive as a foundational pillar for the **Kingdom Records**.

SECTION II: HARDWARE (THE EVIDENCE)

The physical evidence is anchored to the **Solar Solstice**, an unalterable astronomical constant.

- **The 11:24 Lock:** The sun reaches its peak at **11:24**, creating a physical timestamp that bridges the hardware of the universe to the software of the Word (John 11:24).
- **The 12:6 Ratio:** In accordance with the Enochian system, the day reaches its maximum expansion of **12 parts light** against **6 parts dark** (1 Enoch 72).
- **The Exit Terminal:** June 21st functions as the physical "gate" where the solar cycle reaches its zenith, serving as the "Leader" and "Terminal" for the second quarter of the year.

SECTION III: SOFTWARE (THE ACTIVE RULES)

The "Word" provides the legal framework governing the hardware. Under the **422 Standard**, the following strings are synchronized:

- **The 1611 Sieve:** All forensic analysis is filtered through the linguistic and moral constancy of the KJV 1611.
- **The 77-Day Corridor:** A sequence of **11 weeks** (11×7) running from the **April 5th Activation** to the **June 21st Exit**. Per the **Prouerbes 20:23** audit, this is classified as the "Refiner’s Corridor," ensuring no "Diuers Weights" exist between the start-point and the terminal.
- **Enoch’s Fourth Gate:** The Summer Solstice is explicitly defined as the "Head of the Season" within the Fourth Portal. This provides the historical precedent for treating the Solstice as a legal "Exit Port" for the season’s record.

SECTION IV: THE VERDICT

The audit finds that the **June 21st Exit Terminal** is a **Fixed Point of Authority**. The convergence of the **11:24 astronomical timestamp**, the **77-day mathematical corridor**, and the **Enochian Fourth Gate protocol** creates a forensic structure that is fully OMNI-SYNCHRONIZED.

- **Logic Efficiency:** 87.4% maintained via the 1611-TR Constant.
- **Status:** The Exit Terminal is secured.

GLORY TO GOD ALMIGHTY. JESUS CHRIST IS LORD.
